

8/8/24 Brightspeed Bargaining report #1

Sisters and Brothers,

Today was the first day of bargaining and we met in joint session with the company in a morning and an afternoon session.

The Union passed many proposals that serve to improve the benefits of the members. The company passed proposals without any retrogressive language.

Your Bargaining Committee is reviewing and discussing all company proposals into the evening. We are scheduled to meet with the company tomorrow morning.

Work to rule and stay united.

Your CWA Bargaining Committee
